REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The examiner respectfully agrees with Applicant's arguments on pages 5-8 of his amendment filed June 12, 2006 stating that none of the prior art, taken either singly or in combination, is seen to teach or suggest the use of a pillow system comprising the particular structural combination of at least a basis element made of foam and being at least substantially flat; an adjustable pillow fitted onto the basis element and having a shape that slopes at an angle from a first thickness at a front end of the pillow to a second thickness at a back end of the pillow so as to be in a longitudinal cross section at least substantially wedge-shaped; and a cover for enclosing the basis element and the adjustable pillow, as explicitly recited in Applicant's sole independent claim 1. With regards to the prior art, each of the Tanaka et al. '303, McCarty '828, Kim '675, Chee '333 and Seiler '500 references disclose the use of a pillow system comprising a cover enveloping an adjustable wedge-shaped pillow fitted onto a substantially flat basis element; however, all of the adjustable pillows of the devices disclosed in these references do not fully extend from a first thickness at one end of the pillow to a second thickness at the other end as specifically claimed by Applicant. Since an updated search of the prior art also did not yield any other references pertinent to Applicant's claims, it is considered that the application is currently in full and proper condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the

examiner should be directed to Robert G. Santos whose telephone number is (571) 272-7048.

The examiner can normally be reached on Tues-Fr and first Mondays, 10:30 a.m. to 8:00 p.m..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's

supervisor, Suzanne L. Barrett can be reached on (571) 272-7053. The fax phone number for the

organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent

Application Information Retrieval (PAIR) system. Status information for published applications

may be obtained from either Private PAIR or Public PAIR. Status information for unpublished

applications is available through Private PAIR only. For more information about the PAIR

system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR

system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would

like assistance from a USPTO Customer Service Representative or access to the automated

information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
